Hydrix Limited
Directors' Report
For the half-year 31 December 2024

The directors present their report, together with the financial statements, on the consolidated entity (referred to hereafter as the 'consolidated entity' or 'Group') consisting of Hydrix Limited (referred to hereafter as the 'company' or 'parent entity') and the entities it controlled at the end of, or during, the half-year ended 31 December 2024.

Directors

The following persons were directors of Hydrix Limited during the whole of the financial half-year and up to the date of this report, unless otherwise stated:

Mr Gavin Coote

Executive Chairman

Ms Julie King

Non-Executive Director

Mr Paul Wright

Non-Executive Director

Mr Paul Lewis

Non-Executive Director

Principal activities

The principal activities of the consolidated entity during the half-year were providing product design, engineering, and regulatory services to customers in the medical industry, market development of disruptive cardiovascular product technologies and venture investment in high potential early-stage medtech clients.

The consolidated entity operates three businesses:

Hydrix Services delivers world first products and innovation across the medtech and cardiac market sectors. It offers a comprehensive range of engineering, development and regulatory consulting services including software, electronics, mechanical, industrial design, and general product development services. Its product development and consulting services range from applied research through all stages of engineering design, development, prototyping, manufacturer management, certification process management and supply for global markets.

Hydrix Medical distributes disruptive cardiovascular technologies that address unmet needs for patients and healthcare providers. Products include the Guardian real-time heart attack warning system from Avertix Medical, Implicit's cloud-based AI-driven remote cardiac patient monitoring and data management solution, and Echo IQ's AI technology that automatically analyses echocardiographic measurements to improve the detection and diagnosis of patients at high risk of structural heart disease. These products are pre commercial revenue and being distributed by Hydrix under distribution license agreements across Australia and various Asia Pacific jurisdictions.

Hydrix Ventures selectively invests in high potential Hydrix Services medtech clients to generate equity capital gains. Current portfolio companies include Gyder Surgical Pty Ltd (orthopaedic surgical tool used in hip replacement surgeries), Avertix Medical (formerly known as AngelMed) (implantable heart attack warning system), Memphasys Limited (bio-separation system used in IVF procedures), and Cyban Pty Ltd (non-invasive brain trauma injury monitoring device). For each of these clients, Hydrix Services provides arm's-length product design and development consulting services.

The consolidated entity has approximately 55 employees and its headquarters are located in Mulgrave, Victoria Australia.

Hydrix Limited
Directors' Report
For the half-year 31 December 2024

Review of operations

The consolidated entity's revenue from contracts with customers of \$5,597,012 and \$10,301,133 for the half and calendar year ending 31 December 2024, respectively, was primarily derived from Hydrix Services.

Hydrix Services revenues for the half year were \$5,595,872 slightly down from \$5,903,204 in the prior comparative period. Operating costs for the half were reduced by approximately \$0.8 million compared to the prior comparative period. Key operational metrics for the business (billable utilisation and effective fee rate) have improved compared to prior period. Contracted sales for the 6 months ended 31 December 2024 totalled \$7.4 million, whilst sales for the calendar year were \$13.1 million, the strongest calendar year of sales in the last 5 years.

Hydrix Services continues to execute on its strategy to grow its international market presence. Approximately 61% of revenue in the half was from international clients. Hydrix Services continues to prosecute a large and growing sales opportunity pipeline, with potential revenue tied to future program stages across 15 active clients is approximately \$40 million. Sales conversions remain subject to client budget constraints and venture capital funding to support new product developments. These factors create fluidity of sales and project-based revenue generation.

Hydrix Medical continues to build its sales opportunity pipeline which currently stands at more than \$2.0m (of potential annual recurring revenue) including the software-as-a-service (SaaS) remote cardiac patient monitoring product licensed for distribution from Implicity. Sales of Implicity are dependent on department of health policy funding commitments into the public and private sector. We remain optimistic funding policies will be established and implemented this calendar year. Taking into account dependency of implementation of funding policies, Hydrix Medical reduced its operating costs compared to the prior comparative period half by \$0.7m.

Hydrix Medical is exploring opportunities to sell ambulatory ECG wearable patch devices used to diagnose and monitor patients for arrhythmias and track other cardiovascular vitals.

Hydrix Ventures' selectively invests in high potential medical device technology clients that Hydrix provides product design and development services to. This entity currently holds three investments in early stage medtech device companies, all that are either working through regulatory approval pathways or have commenced commercial sales. Fair value at 31 December 2024 is \$3.4 million.

Review of financials

Total consolidated entity made sales to external customers of \$5,597,012 for the first half ending 31 December 2024, decreasing by 5.2% over the prior year period (December 2023: \$5,904,453).

The operating loss before income tax for the consolidated entity was \$635,660 (December 2023: \$3,795,751), has improved on prior comparative period as a result of cost reduction initiatives implemented in the last 12 months, as well as no off impairment expenses in the half.

Total operating costs for the period decreased by \$2,045,410 or 24% to \$6,362,538 (2023: \$8,407,948), as a result of cost reduction initiatives aimed at reducing costs not impacting the delivery of billable work, to create efficiency without affecting the ability to grow the business.

Hydrix Limited
Directors' Report
For the half-year 31 December 2024

Cash generated in operating activities during the period to support the growth and expansion of the consolidated entity was \$558,516 (December 2023: cash used of \$973,320), due to a mix of lower operating costs and managing the working capital of the business.

The consolidated entity's cash position was \$1,117,925 at 31 December 2024, compared to \$914,274 at 30 June 2024. The main uses of cash were to support the principal activities of the business.

Outlook for full financial year 2025

The business prospects for the consolidated entity remain strong, noting that management anticipates business conditions to remain fluid. The key objective for the remainder of the financial year is to drive the consolidated entity to cash operating profit on the back of sales conversions, higher revenue, higher margins and billable utilisations, benefited by the impact of a full 12 months of reduced operating cost structures.

Significant changes in the state of affairs

There were no significant changes in the state of affairs of the consolidated entity during the financial half-year.

Matters subsequent to the end of the half-year

On 10 February 2025, Hydrix Limited announced that Gyder Surgical, a investee company within Hydrix Ventures, had achieved FDA 510(k) clearance for its GYDER Hip System, the world's first commercially available pin-less and image-less navigation solution for accurate positioning of the acetabular cup during anterior hip arthroplasty.

As a result, under commercial terms with Gyder Surgical, this FDA clearance triggered an equity milestone payment to Hydrix Ventures. This increases Hydrix Ventures investment in Gyder Surgical by \$0.3 million, to a total book value of \$2.65 million (based on 30 June 2024 financial statement valuation assumptions).

No other matter or circumstance has arisen since 31 December 2024 that has significantly affected, or may significantly affect the consolidated entity's operations, the results of those operations, or the consolidated entity's state of affairs.

Rounding of amounts

The company is of a kind referred to in *Corporations Instrument 2016/191*, issued by the Australian Securities and Investments Commission, relating to 'rounding-off'. Amounts in this report have been rounded off in accordance with that Corporations Instrument to the nearest dollar.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out immediately after this directors' report.

This report is made in accordance with a resolution of directors, pursuant to section 306(3)(a) of the *Corporations Act 2001*.

Auditor's Independence Declaration

To the Directors of Hydrix Limited

In accordance with the requirements of section 307C of the *Corporations Act 2001*, as lead auditor for the review of Hydrix Limited for the half-year ended 31 December 2024, I declare that, to the best of my knowledge and belief, there have been:

- a no contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the review; and
- b no contraventions of any applicable code of professional conduct in relation to the review.

Hydrix Limited
Notes accompanying the Financial Statements
For the half-year ended 31 December 2024

1 Material accounting policies

These general purpose financial statements for the interim half-year reporting period ended 31 December 2023 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2024 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, except for the policies stated below.

Historical cost convention

The financial statements have been prepared under the historical cost convention, except for, where applicable, the revaluation of financial assets and derivatives.

New or amended Accounting Standards and Interpretations adopted

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Going concern

The financial statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and discharge of liabilities in the ordinary course of business.

For the half year period ended 31 December 2024, the consolidated entity incurred a net loss before tax of \$635,660, reported cash generated in operations of \$558,516 and had a net current assets deficit (current assets less current liabilities) of \$4,866,850.

The above factors create business uncertainty which may cast doubt over the business continuing as a going concern and whether the consolidated entity will be able to realise its assets and extinguish its liabilities in the normal course of business at the amounts stated in the financial report.

Despite these material uncertainties, the directors are of the opinion the consolidated entity will continue as a going concern, taking into consideration various factors including:

- The consolidated entity had an available cash balance of \$1,117,925 at 31 December 2024.
- \$13.1m of contracted sales for the 12 months to 31 December 2024, being the strongest 12 months of sales in 5 years. The business has a strong sales opportunity pipeline to support revenue growth.
- A full business profit and loss, balance sheet and cash flow forecast for the 12-month period from the date of signing of the financial statements, which supports the directors' assertion, has been prepared based on assumptions about certain economic, operating and trading performance achievement contingent on future events and actions yet to occur, and which may not necessarily occur. The underlying year to date revenue growth in the services business is leading to an improving operating position. Whilst the directors believe the assumptions are best estimate assumptions based upon information available, the occurrence and timing of future events are not certain. The directors will continually monitor the operating performance against the budget and cash flow forecast;.
- A director has provided a Letter of Support to the business for \$2m, valid until 30 September 2025,
- Director loans of \$1.25m entered into during calendar year 2024, with an original repayment date of 31 December 2024, have been extended until 30 June 2025, and can be extended further by mutual agreement.
- The directors believe the consolidated entity would be able to raise additional capital if required to support strategic growth initiatives and working capital; and
- The directors are continuously assessing the assets available to the Group and associated liquidity strategies that would allow for the effective management of working capital and future investment in the Group, such as sale of Hydrix Ventures' assets.

Accordingly, the directors believe that the consolidated entity will continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial report.

The financial statements do not include any adjustments relating to amounts or classification of recorded assets or liabilities that might be necessary should the consolidated entity not be able to continue as a going concern.

1 Material accounting policies (continued)

Critical accounting estimates, assumptions and judgements

Impairment of non-financial assets

The consolidated entity assesses impairment of non-financial assets other than goodwill and other indefinite life intangible assets at each reporting date by evaluating conditions specific to the consolidated group and to the particular asset that may lead to impairment. If an impairment indicator exists, the recoverable amount of the asset is determined. This involves fair value less costs of disposal or value-in-use calculations, which incorporate a number of key estimates and assumptions.

Furthermore, significant management judgement and estimate is involved in assessing the impairment of the distribution rights, taking into account the status of each regulatory application and the likelihood of successfully receiving regulatory approvals across each region under the distribution agreement.

Hydrix Limited
Notes accompanying the Financial Statements
For the half-year ended 31 December 2024

2 Operating Segments

Identification of reportable operating segments

The consolidated entity is organised into two operating segments based on the internal reports that are reviewed and used by the Board of Directors [who are identified as the Chief Operating Decision Makers ('CODM')] in assessing performance and in determining the allocation of resources. There is no aggregation of operating segments.

Operating segments are presented using the 'management approach', where the information presented is on the same basis as the internal reports provided to the CODM, who are responsible for the allocation of resources to operating segments and assessing their performance.

The consolidated entity's operations are in four geographical locations, being Australia, Singapore, New Zealand, and the USA.

8 Contingent liabilities

The consolidated entity had no contingent liabilities as at 31 December 2024 (2023: nil).

9 Events after the reporting period

On 10 February 2025, Hydrix Limited announced that Gyder Surgical, a investee company within Hydrix Ventures, had achieved FDA 510(k) clearance for its GYDER Hip System, the world's first commercially available pin-less and image-less navigation solution for accurate positioning of the acetabular cup during anterior hip arthroplasty.

As a result, under commercial terms with Gyder Surgical, this FDA clearance triggers an equity milestone payment to Hydrix Ventures. This increases Hydrix Ventures investment in Gyder Surgical by \$0.3 million, to a total book value of \$2.65 million.

No other matter or circumstance has arisen since 31 December 2024 that has significantly affected, or may significantly affect the consolidated entity's operations, the results of those operations, or the consolidated entity's state of affairs.

Hydrix Limited
Directors' Declaration
31 December 2024

In the directors' opinion:

- the attached financial statements and notes comply with the *Corporations Act 2001*, Australian Accounting Standard AASB 134 'Interim Financial Reporting', the *Corporations Regulations 2001* and other mandatory professional reporting requirements;
- the attached financial statements and notes give a true and fair view of the consolidated entity's financial position as at 31 December 2024 and of its performance for the financial half-year ended on that date; and
- there are reasonable grounds to believe that the consolidated entity will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of directors made pursuant to section 303(5)(a) of the *Corporations Act 2001*.

On behalf of the directors

Independent Auditor's Review Report

To the Members of Hydrix Limited

Report on the half-year financial report

Conclusion

We have reviewed the accompanying half-year financial report of Hydrix Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2024 and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half year ended on that date, including material accounting policy information, other selected explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Hydrix Limited does not comply with the *Corporations Act 2001* including:

- a giving a true and fair view of the Group's financial position as at 31 December 2024 and of its performance for the half-year ended on that date; and
- b complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's *APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

ACN-130 913 594

Grant Thornton Audit Pty Ltd ACN 130 913 594 a subsidiary or related entity of Grant Thornton Australia Limited ABN 41 127 556 389 ACN 127 556 389. 'Grant Thornton' refers to the brand under which the Grant Thornton member firms provide assurance, tax and advisory services to their clients and/or refers to one or more member firms, as the context requires. Grant Thornton Australia Limited is a member firm of Grant Thornton International Ltd (GTIL). GTIL and the member firms are not a worldwide partnership. GTIL and each member firm is a separate legal entity. Services are delivered by the member firms. GTIL does not provide services to clients. GTIL and its member firms are not agents of, and do not obligate one another and are not liable for one another's acts or omissions. In the Australian context only, the use of the term 'Grant Thornton' may refer to Grant Thornton Australia Limited ABN 41 127 556 389 ACN 127 556 389 and its Australian subsidiaries and related entities. Liability limited by a scheme approved under Professional Standards Legislation.

Material uncertainty related to going concern

We draw attention to Note 1 in the financial report, which indicates that the Group incurred a net loss of \$635,660 during the half year ended 31 December 2024 and, as of that date, the Group's current liabilities exceeded its current assets by \$4,866,850. As stated in Note 1, these events or conditions, along with other matters as set forth in Note 1, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Directors' responsibility for the half-year financial report

The Directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
